## Eiswerk Berlin receives polis AWARD

A polis AWARD is given to projects that contribute to the collective well-being of a city. So there is no better recognition for all those who have been involved in the de-velopment of Eiswerk Berlin and have worked to achieve just that: A contemporary revitalization and mixed-use of a formerly abandoned area in the middle of Ber-lin-Mitte, the careful handling of the historic building fabric, a new public access to the Spree River and the diverse quality of stay and opening for the entire neighbor-hood and community.

We would like to thank all project partners for their courage, creativity and great commitment in shaping this new chapter in Berlin's urban history.
